Dear Mr. Mathewson  
RE: Mr. Melvin Tart

I am a staunch advocate for and supporter of the freedom of the press. I find your columns to be generally insightful and fair. I am also defamation and libel counsel to Mr. Melvin Tart.

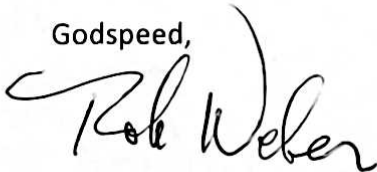

It is in the latter capacity that I am writing to caution you with regard to any future publication regarding Mr. Tart that features any misrepresentation, false claims or defamatory language concerning the "disciplinary documents" within the Kenosha Unified School District's personnel files that you are seeking.

I am not at this point taking action in Circuit Court to oppose the release of public records that you may be entitled to by law, and which may concern a minor infraction of a school district teacher-student contact policy, but I am warning you that any misrepresentation of the facts will lead to immediate litigation.

Consequently, you are on notice of your ongoing obligation to preserve all documents, including those from any source(s) of information you may rely upon to write future articles about Mr. Tart, including all emails, text messages, audiovisual recordings, voice mails, drafts, Notes, communications, documents, data and electronically stored information of any kind that relate in any way to this matter.

Thank you for your anticipated consideration and courtesy.

Godspeed,

Robert K Weber
